Help Save Southend High Street

Action Needed Now-1500 Signatures Required

We the residents and shopkeepers of Milton Ward and all residents and visitors to Southend demand that parking charges for short stays are reduced, in order to increase the number of consumers into our town. The current level of short stay parking charges is a barrier to sustaining and increasing business, across the town. Action needed now!

We believe the first two hours of parking should be FREE. (Car parks only)

Let us work together to save our town, the deadline is 20th March 2019. Please send your signed petition to Oracle House, 11 Clarence Road, Southend-on-Sea, Essex SS1 1AN.
